THE BRAND

Atri — Inspiration & Creativity

Atri is the confluence of Style, elegance, quality and handwork. Our philosophy is simple: to combine classic handwork with modern styles using high quality fabric which results in distinct and timeless fashion. Our passion for serving classic artwork on a modern platter is rooted in our name which is synonymous to 'The Creator'.

The focus of our collection is on embroidery. Most of our garments have exclusive hand embroidery using a high quality cotton thread. We also have limited machine embroidery garments which have been marked throughout the book.

Presenting our first collection that reflects the uniqueness embedded in each and every one of us.
